

Electric nail clippers redefine nail care

Ditching the hassle and tool clutter of traditional manicure, this 4-in-1 electric nail clipper "brings" professional salon experience to daily life. With 4 core functions (trimming, filing, polishing, UV curing) and modern stylish design, it's a portable manicure must-have for urban elites and beauty lovers.

- Core Highlights: 4-in-1 for One-Step Professional Experience
 - Precise Trimming · Efficient & Tidy
 - ① 1mm high-precision alloy blade (fits adults' thick nails & kids' delicate nails).
 - Dual modes (Powerful/Gentle) for diverse needs.
 - Auto-suction nail clipping compartment (no flying clippings); clean with one press-pour.
 - Fine Filing · Smooth & Seamless
 - Conical head + curved surface (fits nail curve).
 - Smoothens burrs/edges in 3s (reaches nail grooves); no scratches from manual filing.
 - High-Gloss Polishing · Mirror Finish
 - Nano-glass file (one touch for high-speed polishing, salon-like shine).
 - Skips repeated filing before polish; boosts manicure longevity.
- UV Curing · Quick-Dry & Set
 - Built-in mini UV lamp + Type-C fast charge (1h charge = 60 days use).
 - Instantly dries polish; keeps neat manicure on trips.

4 in 1 electric nail clipper, easy to use, perfect for repairing and enhancing nails in one go,
making you stand out from the crowd with ease

Trim nails

Step 1

Place the nail inside the blade hole and rotate your fingers left and right to complete the nail trimming

Smooth nails

Step 2

Place the nail perpendicular to the flat surface, rotate your fingers left and right, gently smooth out the nail incision, and complete smoothing nail.

Polish nails

Step 3

Place the polishing head parallel to the surface of the nail, slowly move your fingers, and complete the nail polishing and manicure.

Drying nail

Step 4

After applying nail polish, turn on the UV lamp, and place the nail within 10 cm of UV light to dry nail polish quickly and safely

- Design Aesthetics: More Than a Tool, a Fashion Item
- Light-Luxury Texture
- ABS eco-material + metal matte body; streamlined ergonomic grip.
- Multi-colors (ivory white, orange) for matching outfits.
- Portable & Compact
- Only 120g (size like AirPods case); fits makeup bag/pocket.
- Thoughtful Details
- LED light for dim spaces; 35dB low noise.
- Magnetic cover (safe & premium); good for self-use/gifting.

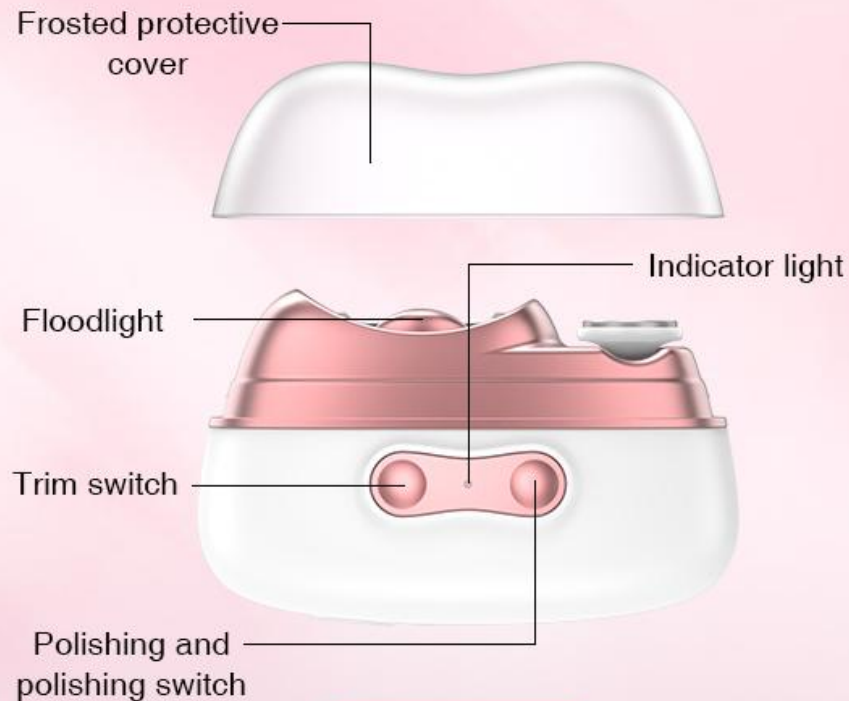

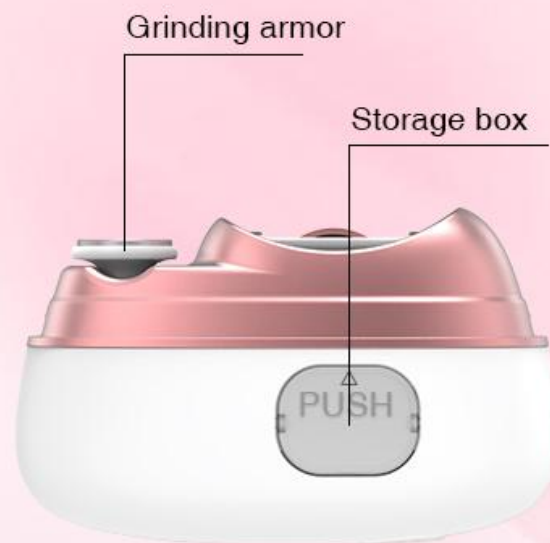

Scenario Value: One Tool for the Whole Family

For professionals grooming fingertips, moms caring for babies' nails, or DIY lovers, this 4-in-1 clipper (professional + convenient + stylish) turns every manicure into a light-luxury experience.

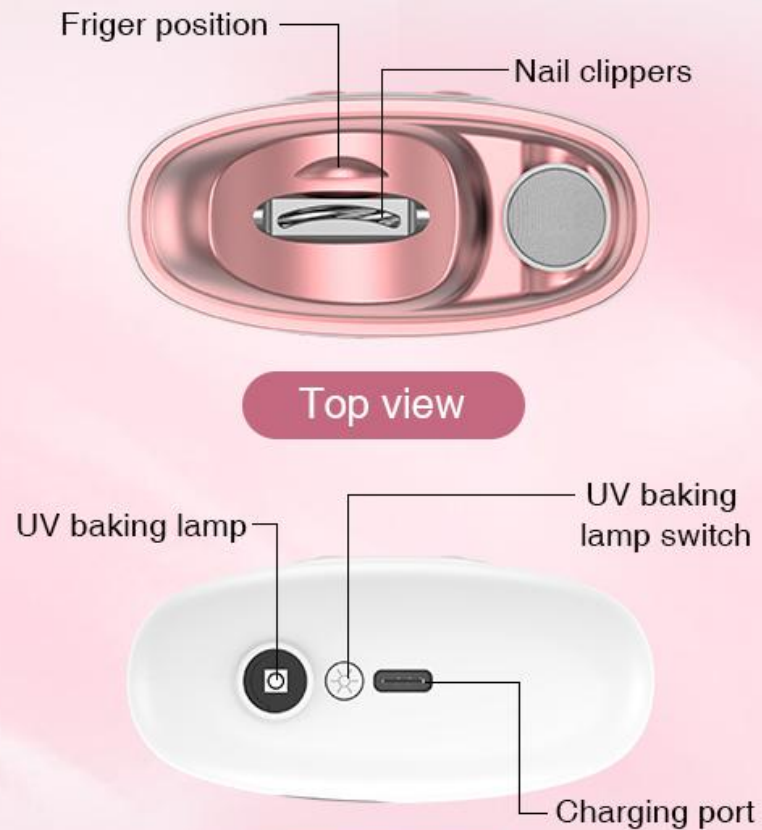

Product introduction

2 SPEED ADJUSTMENTS

Meet various needs of users

High Speed Mode

Suitable for adults or hard nails

Low Speed Mode

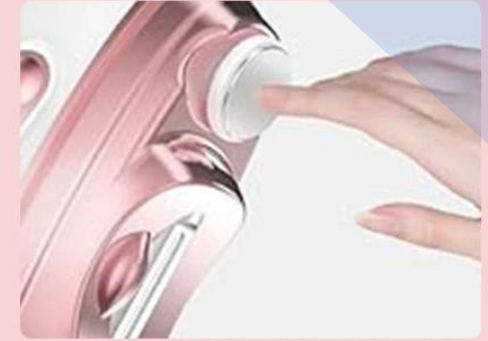

Suitable for children or soft nails

How to use?

1. Press and hold the button to start the power supply.

2. Gently place your nails on the polisher and rotate your fingers as the polisher rotates.

3. Hold the nail parallel to the polisher and polish gently.

4. Press the storage button to pour out all the nail chips.

Attention: Do not keep your nails in the same place for a long time to avoid excessive trimming!
