Premium RF Beauty Device

Radio Frequency Skin Tightening & Rejuvenation

Six Minutes a Day,
Invest in a
Younger You

Color Light Tightening
Infusion Device

Ships within 24 hours

365-day warranty, worry-free quality

THE DAILY RITUAL

**Six minutes a day,
invest in a younger
version of yourself.**

A color-light tightening infusion device that brings professional-grade firming, rejuvenation and deep infusion into your everyday skincare routine.

HOW TO CHOOSE

Three Core Effects, One Device

01 Skin Firming

Electroporation delivers visibly noticeable lifting results.

02 Skin Rejuvenation

Integrated color light doubles the efficiency of your skincare.

03 Deep Infusion

Ultrasonic technology quickly carries actives to the deeper skin layer.

INTEGRATED TECHNOLOGIES

One Device, Four Professional Technologies

- **RF Thermal Care**

Deep radio-frequency heating firms and lifts the skin.

- **EMS Vibration**

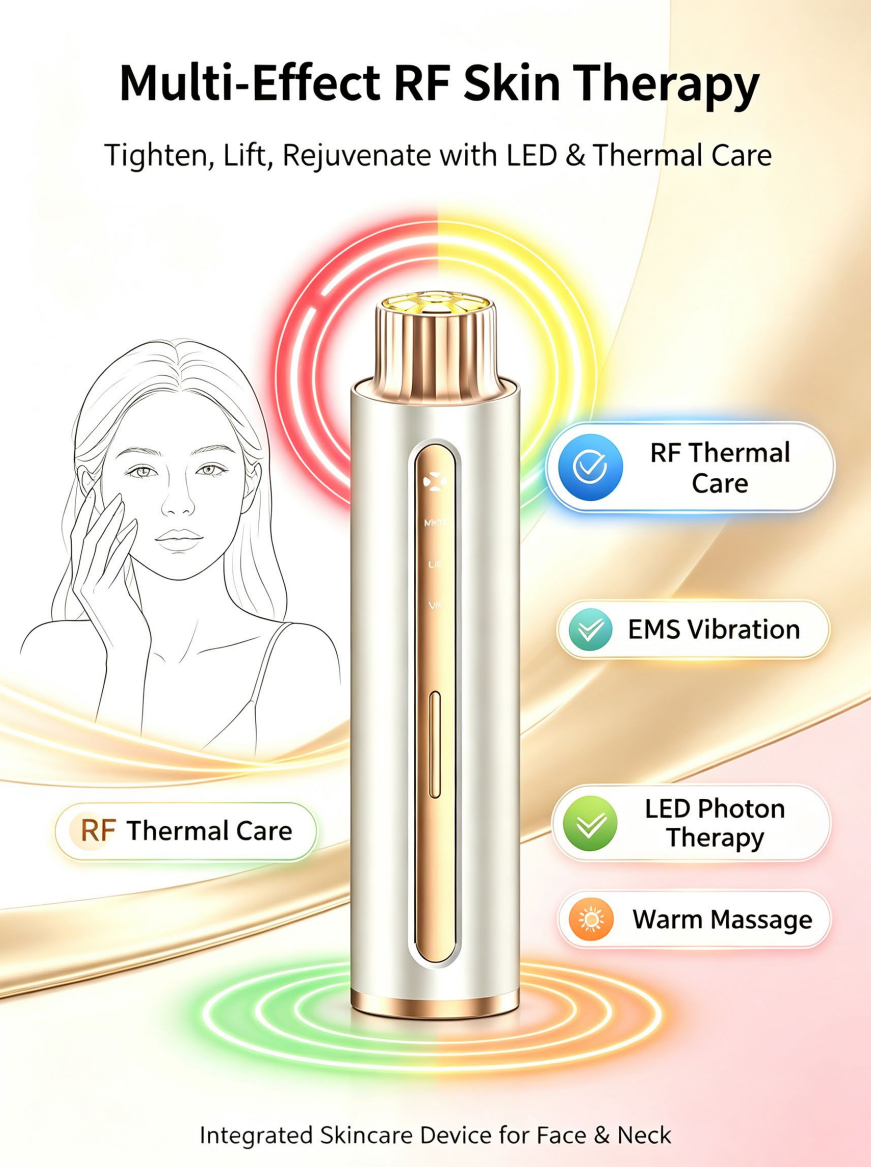

Microcurrent stimulates facial muscles for a sculpted contour.

- **LED Photon Therapy**

Four-color light targets firming, blemishes, redness and smoothness.

- **Warm Massage**

Soothing heat relaxes skin and helps nutrients absorb.

Multi-Effect RF Skin Therapy

Tighten, Lift, Rejuvenate with LED & Thermal Care

- RF Thermal Care
- EMS Vibration
- LED Photon Therapy
- Warm Massage

RF Thermal Care

Integrated Skincare Device for Face & Neck

LED PHOTON THERAPY

Quadruple Energy Light, Reaching Deep into the Skin

- **630 nm Red Light**

Firms and lifts the skin, supporting a more youthful look.

- **460 nm Blue Light**

Targets blemish-prone skin and helps clarify the complexion.

- **520 nm Green Light**

Calms the skin and reduces visible redness.

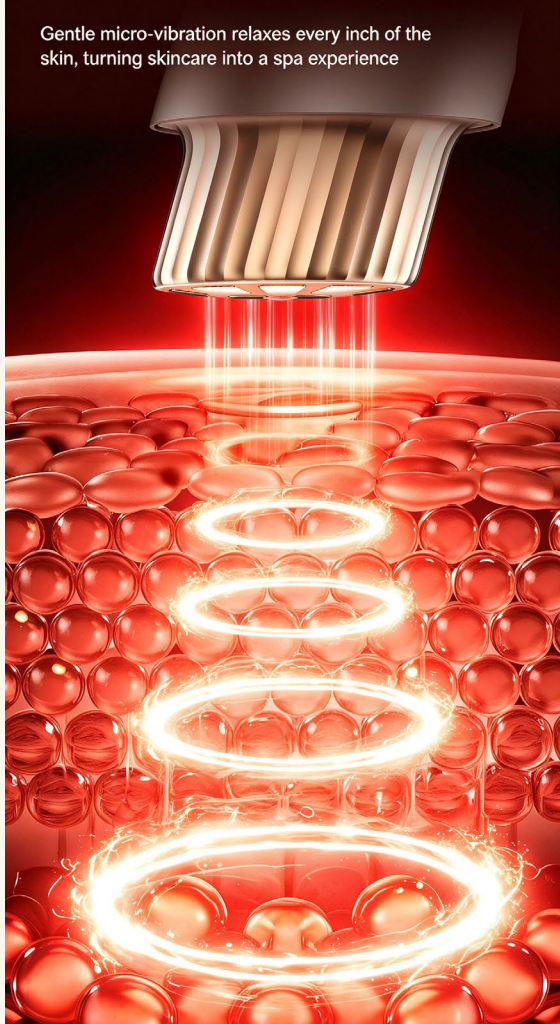

- **630 + 520 nm Orange Light**

Soothes and smooths the skin for a radiant finish.

Pleasurable Skin Massage, Infusing Nutrients into the Skin Base

Gentle micro-vibration relaxes every inch of the skin, turning skincare into a spa experience

WARM MASSAGE & INFUSION

Pleasurable Skin Massage, Infusing Nutrients Deep

Fine micro-vibration relaxes every inch of the skin, while the warm conductive head helps serums and creams penetrate the skin base. Daily skincare becomes a soothing, spa-like ritual at home.

THREE WORKING MODES

One Touch for Every Skin Need

MFIP Mode

EMS + variable-frequency heating + color light — the comprehensive firming ritual.

Lifting Mode

EMS microcurrent + blue light — sculpts and lifts facial contours.

Infusion Mode

Vibration + color light — boosts the absorption of serums and creams.

SAFETY & SMART CONTROL

Safe & Controlled RF Therapy

Effective care backed by smart temperature management.

- **Dual Temperature Control**
- **Motion Detection**
- **NTC Temperature Sensing**
- **Auto-Stop After 2 Seconds Off Skin**

Daily Usage Technique

Pre-makeup use to lift and tighten for a refined V-shaped face

Left side: 6 min

Right side: 6 min

Forehead: 3 min

YOUR DAILY ROUTINE

15 Minutes a Day

6 min

Left side of the face

6 min

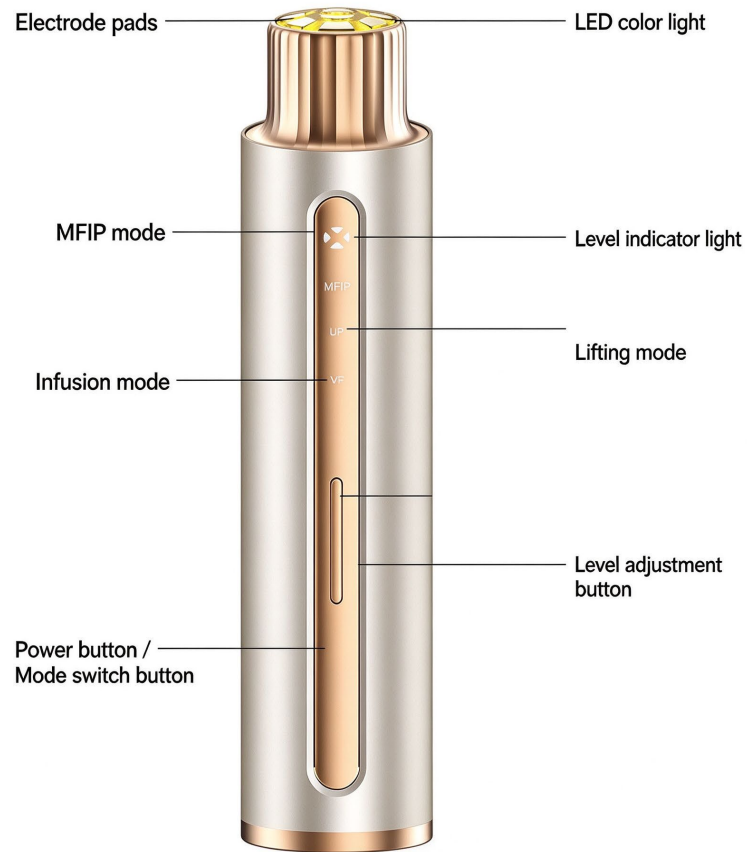

Right side of the face

3 min

Forehead

Use before makeup to lift and tighten for a refined, V-shaped face.

Product Components

PRODUCT COMPONENTS
