

DP10 ELECTRIC VACUUM RHINESTONE PEN

Make Every Rhinstone Easier to Place

- ⦿ Electric Vacuum Pickup
- ⦿ 2 Suction Modes
- ⦿ Built-in LED Light

Electric Vacuum Rhinstone Pen

Make Every Rhinstone Easier to Place

Effortless electric vacuum pickup for nail art, diamond painting and DIY crafts — no more wax tips, no more hand fatigue.

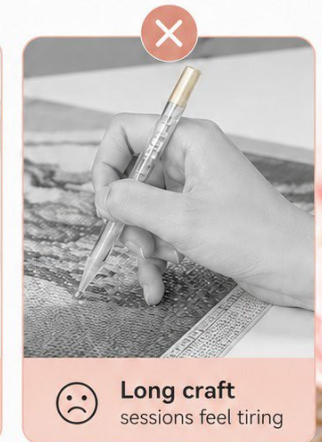

Still Picking Gems One by One?

THE PAIN POINTS OF MANUAL GEM PLACEMENT

- ◆ **Tweezers struggle with tiny gems**
Small 1–3mm crystals slip, bounce away or flip over — slow and frustrating.
- ◆ **Wax tips get messy**
Wax and putty dry out, stick to the canvas, and leave residue on delicate gems.
- ◆ **Long sessions tire your hands**
Precise pinching and pressing cause sore fingers, wrist strain and shaky placement.

Still Picking Gems One by One?

vacuum pickup.**

The Electric Vacuum Solution

DP10 — REVOLUTIONARY ART TOOL

◆ **One-touch electric vacuum pickup**

Simply hover over a rhinestone and it's held securely at the clear tip — release at the target point.

◆ **No wax needed, ever**

A clean, reusable vacuum tip replaces sticky wax pens — no residue on gems, no mess on the canvas.

◆ **Easy to use, effortless to control**

Pencil-style body means no squeezing or pressing — just point, pick and place.

Make Every **Rhinestone** Easier to Place

DP10 Electric Vacuum Rhinestone Pen

Designed for diamond painting,
nail art and DIY crafts.

Easy in 3 Steps

SO SIMPLE, ANYONE CAN MASTER IT IN SECONDS

1 • Power On

Long-press the power button; the pen starts vacuum suction instantly.

2 • Pick Up

Hover the tip over any 1–5mm rhinestone — it lifts and holds automatically.

3 • Place

Move to your nail or canvas and release — the gem lands exactly where you want it.

Choose the Right Suction Level

2 SUCTION MODES FOR EVERY GEM SIZE

- ◆ **Low mode — tiny gems**
Gentle suction for 1–3mm rhinestones and delicate nail crystals — no pulling or flying gems.
- ◆ **High mode — larger rhinestones**
Stronger pickup for 3–5mm gems, pearls, studs and decorative beads.
- ◆ **Fits 1–5mm in total**
One transparent tip handles the full size range used in nail art and diamond painting.

Made for Nail Art & More

ONE TOOL, MULTIPLE CREATIVE USES

One Tool, Multiple Creative Uses

Great for small rhinestones, gems, beads
and decorative craft pieces.

Nail Rhinestones ★

Place crystals, studs and gems on the nail tip with pinpoint accuracy — no wax, no mess, no smudged polish.

Diamond Painting

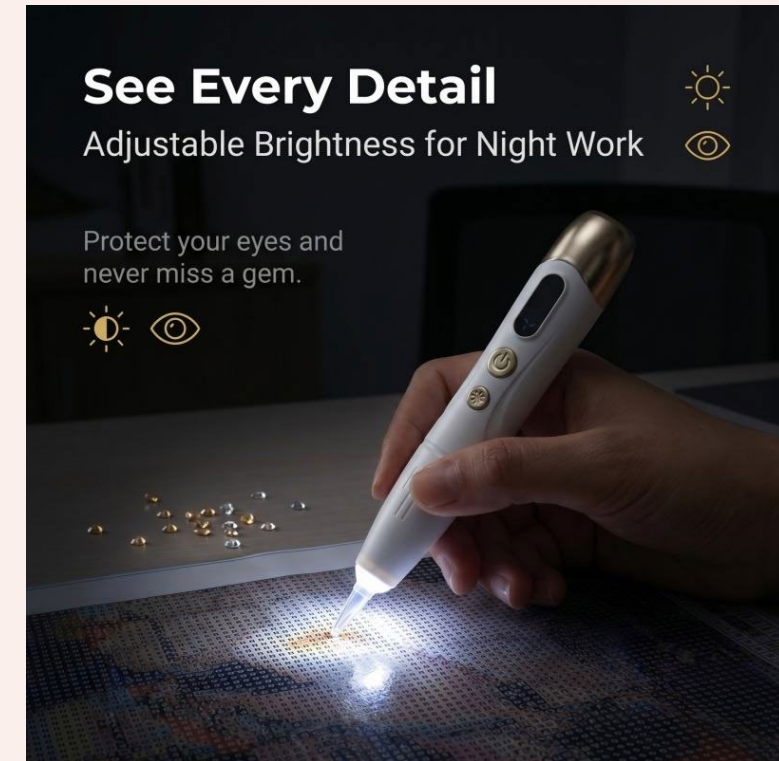

Thousands of drills placed faster and straighter, with far less hand fatigue.

DIY Cards & Crafts

Decorate greeting cards, phone cases, jars and gift boxes with ease.

Light Up Every Detail

ADJUSTABLE BRIGHTNESS LED — DAY & NIGHT

◆ Day mode

See tiny gems and placement points clearly on bright canvases and polished nails.

◆ Night mode

Adjustable brightness lights up your workspace in the evening — protect your eyes and never miss a gem.

◆ Better accuracy

A spotlight right at the tip means each crystal lands exactly on target, first time.

Whisper-Quiet Operation

CRAFT AT ANY HOUR — UNDER 30dB

- ♪ **Library-quiet motor**
Operates below 30dB — quieter than a soft conversation, barely audible across the room.
- ♪ **Won't disturb your family**
Craft beside a sleeping baby or during late-night TV without anyone noticing.
- ♪ **Peaceful focus**
A calm, smooth hum keeps you relaxed and concentrated on every tiny detail.

Quisper-Quiet Diamond pen put

The image illustrates the product's features and its use in a quiet environment. A hand holds the white and gold pen put, which has a digital display showing '< 30dB' and a blue light. A circular inset shows the pen's LED lighting. A thought bubble shows a vacuum cleaner with the text 'Loud vacuum noise disturbing family members at night'.

Designed for Comfortable Crafting

ERGONOMICS THAT KEEP YOU GOING

- ◆ **Pencil-style slim body**
Sized 169.5× 26mm — holds like a pen, controls like one, perfect for detailed work.
- ◆ **Smooth, lightweight ABS+PC body**
Glides between fingers without slipping; long sessions stay strain-free.
- ◆ **Less fatigue, more creation**
No squeezing, no pressing — relaxed hands even through multi-hour nail or painting projects.

Rechargeable & Ready to Use

CORDLESS FREEDOM WITH TYPE-C

- ◆ **500mAh built-in battery**
Up to 4–5 hours of continuous use per charge — covers full nail sets and long craft sessions.
- ◆ **Fast charging in about 2 hours**
Type-C USB port charges with any standard phone charger, laptop or power bank.
- ◆ **Real-time status display**
On-screen icons show battery level, suction mode and light status at a glance.
